

CVCC™ Referral Partner Program

Earn referral fees for making introductions

CVCC Referral Partner Program

Aastra OnDemand™ offers a lucrative and rewarding option to interested companies to stimulate revenue opportunities with the intent of exploring a reselling partnership in the future. This program was designed to offer a cash referral fee for each signed agent that Aastra or a recognized reseller obtains from information provided by the referral partner.

Referral leads will be sent to Chris Capó (chris.capo@aastra.com) in written form. If a sale is made, the Referral Partner will receive the one-time commission*.

* Reselling agencies would receive a \$30 annuity every month (or, \$360 annually) per agent seat signed, not including up-front commissions and a portion of the professional services revenue.

Simply stated, the Referral Partner will receive a **referral fee of \$50** for each agent that is signed to a minimum one year contract.
